

Sumo on National Geographic Channel

by Mark Buckton

The title says it all really and the image will give a hint as to how one of the world's best known magazines, with the help of SFM and others, will approach the Japanese sport of sumo in its Explorer series - Wednesday, Jan 30th at 8pm and 11pm

EST / PST (USA).

The show will also air globally - check the link for local listings.

EXPLORER
Inside Sumo

With exclusive access, Pangloss Films and National Geographic take you inside the lives of the top Sumo wrestlers in Japan and the US to explore this 1500 year-old sport and the challenges it faces in a new millennium.

**Wednesday January, 30 @ 8P et/pt
on the National Geographic Channel**
