

Guidelines for Watching Keiko

by Carolyn Todd

SFM heard today that, in the near future, each heya will have available a sheet of 'Guidelines for Watching Keiko' in English, German, Spanish, Italian and Japanese. As a lot of visitors to keiko are tourists with no previous experience of sumo

and heya life, it was thought that there should be a few rules so that visitors know how they should act and keiko isn't disrupted. It's hoped that these guidelines will make the heya more relaxed about accepting foreign visitors.
