

## Letters to the Editor

I was pleased to discover your site after becoming a sumo fan while watching basho broadcasts here in California on NHK TV for the past couple of years.

Your magazine provides all the details of the sport that are not explained on the tv broadcasts.

I am currently excited about the 10 win streak Kotooshu is enjoying and am pulling for him to go all the way to the Emperor's Cup. He needs to get past Hakuho today,

though.

I am hoping to contact the English-language announcers and wonder if you have an internet site or e-mail addresses for Hiro Morita, Ross Mihara and Murray Johnson.

Thank you and keep up the good work.

Hello Howard,  
I hope this finds you well, and just wanted to let you know I have passed on your mail - to 2 of the 3 lads mentioned. I have also passed on your address so they may be in touch.

Best wishes over there in the US, and thank you very much for your reading of, and comments on Sumo Fan Magazine.
